Comments / Suggestions

- Students need clear examples
- Don't leave blanks... try each question. Competitions like this are not only "competitions" but also excellent learning opportunities ... Try, try, try!
- Make sure you show that you understand the vocab you are writing a sentence about:  
"NECKLACE"  
GOOD: The gold necklace looks good around my neck.  
WEAK: My mom gave me a necklace.  
↳ prove you know the meaning.
- ADVICE ⇒ The plural does not need an "S"  
↳ Give me a lot of advice.  
↳ I have no advice to give you.
- LOCAL FOODS ⇒ it is more common to say "local specialties" for things that are famous in a certain place. "Local food" usually refers to foods that you can only buy in a certain area, but may not be famous  
↳ ex: Hualien: Magi (local specialty)  
Taro (local food)
- "... in a couple OF years"  
↳ Doctor example
