Sophie : Of course. Van Gogh is a great artist of all time. We are very lucky because we can see his artworks right in Taiwan.

Candy : Really? Why is he so popular?

Sophie : Van Gogh started painting at the age of 27. He committed suicide at the age of 37. During the last ten years, he finished over two thousand works. However, he only sold one painting in his lifetime.

Candy : How sad!

Sophie : He started a new style of painting. Many artists now still mimic his style. They even try to live a poor and *tragic* life like Van Gogh.

Candy : Really! Now I just can't wait to see his works. Let's start from here.

Sophie : OK. By the way, the coffee is good in the restaurant of this museum. How about having some coffee after the show?

Candy : Sure. You know I always love good coffee.

Dear Mom & Dad,

July 12, 2010

Today is the third day of my bicycle trip. But I miss you both and little Sean very much. However, Linda and I will keep going and finish the rest seven days.

This morning we started from Hualien city at 7:00 a.m. We planned to ride to Chenggong before 6:00 p.m. Now we are taking a lunch break at a small harbor called Shitiping. The seafood in the restaurant was fresh and delicious. We ordered seafood noodles and shared one fish. But I spent too much money on this meal! I can only spend NT\$250 on food each day. Lunch cost me NT\$150. Breakfast cost me NT\$45. I think I'll just have something small tonight, or I won't have enough money to finish the trip.

I took pictures of some beautiful places and some friendly people. I will tell you about the stories of every picture. OK. We need to start now. I'll write to you again soon. Bye.

Love,
Anna
